Research Profile

I study how AI agents reason, learn through interaction, and continually improve while remaining consistent, safe, auditable, and aligned with human needs.

- **Reasoning and learning:** post-training, self-improving agents, continual and multi-agent learning, and strategic interaction.
- **Consistency and introspection:** factual consistency, context attribution, and the influence of evidence on agent decisions.
- **Trustworthy AI systems:** safety, security, prompt-injection defense, adversarial evaluation, and auditing of tool-using agents.

CAST research agenda: Consistent, Adaptive, Strategic, and Trustworthy agents.

Appointments and Research Experience

Aug 2025–present
Postdoctoral Associate
Mohamed bin Zayed University of Artificial Intelligence, Abu Dhabi, UAE.
- Research on reasoning, post-training, strategic interaction, and the safety and auditing of foundation-model agents.
- Developing learning methods using textual feedback, process-level rewards, and concept-level reasoning exploration; designing adversarial evaluations and defenses for tool-using agents.

Feb–Jun 2025
Intern
Quantiphi, Bangalore, India.
- Developed two process-level reward formulations to improve reasoning in small language models.

Jan–Oct 2023
Applied Scientist Intern
Amazon.com Services LLC, Los Angeles, USA.
- Worked on language-model editing and privacy-preserving language models, contributing to a Findings of EACL 2024 paper and a granted US patent.

Jul 2019–Aug 2025
Doctoral Researcher
Indian Institute of Technology Patna, India.
- Developed reinforcement-learning and reward-modeling methods for polite, empathetic, persuasive, and personalized conversational systems.

Education

Jul 2019–Aug 2025
Ph.D. in Computer Science and Engineering
Indian Institute of Technology Patna, India. CPI: 8.79.
Thesis: Inducing Politeness and Empathy In User-Oriented Conversational Systems.

Aug 2017–Jun 2019
M.Tech. in Computer Science and Engineering
National Institute of Technology Arunachal Pradesh, India.
CGPA: 9.01; **Gold Medalist**.
Thesis: Heuristic Learning for an Automated Theorem Prover.

Conference Publications

17 conference papers, including accepted work. **Kshitij Mishra** is shown in bold; dotted blue underlining marks first and joint-first authors.

Patent

Systems and methods for updating large language models

Kshitij Mishra, Tamer Soliman, Aram Galstyan, Anoop Kumar, and Anil K Ramakrishna.

US Patent 12,456,020 B1. Granted October 28, 2025. Amazon Technologies, Inc. Patent record

Deployed Research Systems

Etihad Conversational Booking Agent. Designed, developed, and deployed a conversational agent for natural-language flight search and booking assistance at MBZUAI.

Sevak, an Indian-language chatbot. Worked with two fellow researchers to deploy 14 multilingual conversational systems covering railways, judiciary, and healthcare during my Ph.D. at IIT Patna.

Research software: CoRe • SD-E2 • PEPDS • PAL • ABLE • EDiSS

Teaching and Mentoring

Indian Institute of Technology Patna

Supported teaching in theory of computation, machine learning, natural language processing, and artificial intelligence. Mentored students across academic levels and contributed to research on conversational AI.

Academic Service

2022 Organizer, GIAN workshop on *Deep Learning Techniques for Conversational Artificial Intelligence*, IIT Patna, April 13–24.

2020 Organizer, CEP course on *Deep Learning for NLP*, IIT Patna, January 10–23.

2018 Organizer, workshop on *Recent Trends in Computing and Computer Networking*, NIT Arunachal Pradesh, September 3–7.

2017 Organizer, workshop on *Recent Trends in Machine Learning, Big Data and IoT*, NIT Arunachal Pradesh, November 13–17.

Honors and Fellowships

2019 **Prime Minister's Research Fellowship**, Government of India.

2019 **M.Tech. Gold Medal**, NIT Arunachal Pradesh.

2017 **GATE Scholarship**, Government of India.

Technical Skills and Languages

Programming: Python, C++, C, LaTeX.

Frameworks: PyTorch, TensorFlow, scikit-learn, Hugging Face, Google Colab.

Languages: English and Hindi.

Additional Training

2019 *Machine Learning for Engineering and Science Application*, IIT Madras.

2018 *Introduction to Machine Learning*, IIT Kharagpur.
